

## **DEMA Professional Development Information and Specials**

### **1. Go Pro! From AOW to PADI Open Water Scuba Instructor!**

With your Advanced Open Water (AOW) certification, your next step is the Professional Rescue Course, which includes Emergency Oxygen and Emergency First Response training. After completing this, you'll be ready to pursue your Divemaster certification and can seamlessly transition into the Instructor Development Course (IDC). You can complete all these certifications with us at Rainbow Reef IDC in Key Largo, Florida.

### **2. PADI Divemaster Course at Rainbow Reef Dive Center!**

Our 5-day Dive Master Program runs twice a month, allowing you to complete all requirements quickly, unlike other programs that can take months. With sufficient business across our four Keys locations, you'll be ready to start working as a Divemaster in no time.

### **3. Unlimited Diving Program**

Don't have the 40 dives to start the Divemaster course or 60 dives to be certified? No problem. Or, maybe you want to take the IDC, but do not have the required 100 dives to go to the Instructor Examination. We can help you get your dive count up with the Unlimited Diving Program. This is an opportunity where you can dive for an entire week with a boat dive in the morning and afternoon, plus night

dives on Tuesday, Thursday and Saturday. That means you can get as many as 31 dives in each week of Unlimited Diving. This is open only to DM and IDC candidates who need dives. Housing is included.

#### **4. PADI Instructor Development Course at Rainbow Reef Dive Center!**

Our IDC is a 9-day program (12 days, including EFRI and IE) offered twice each month...yes, a new IDC starts every 2 weeks. We are the most chosen CDC in the world, with 4 Course Directors actively teaching, and 6 on staff and more than 15 Master Instructors and IDC Staff Instructors to assist. We limit our class size to no more than 12 candidates, while always maintaining a 6:1 ratio. We exclusively conduct the new format IDC, which includes the eLearning component.

We also provide housing for all professional development students – our own 2 & 3 bedroom apartments (women with women, men with men) with full kitchens, washer-dryers, dishwashers, Roku and Wi-Fi, located right next to our state-of-the-art Training Center with its own 12' deep pool with onsite tanks, banks & compressor...less than half a mile away are our 2 dockside dive centers that house our 8 boats – the largest dive fleet in Florida...the boats are on the Port Largo Canal which leads directly to the warm, clear waters of the FL Keys National Marine Sanctuary – the world's third largest barrier reef and your other classroom!

Here is our training calendar, and call us toll-free at 1-866-539-7432 or email at [idc@rainbowreefidc.com](mailto:idc@rainbowreefidc.com)
